

# BACHELOR OF SCIENCE IN **HEALTHCARE ADMINISTRATION & MANAGEMENT**

The world of healthcare is always changing and updating its technology according to new rules and regulations. As such, healthcare organizations are challenged to adapt quickly to regular change, and they need skilled professionals to manage them through this process. CSU-Global's B.S. in Healthcare Administration and Management degree program can help you become such a professional.

Throughout the program you will develop the skills you need to succeed in your career as a healthcare administrator, such as risk management, medical laws, ethics, and more. You will learn about managing everything from entire medical practices to specialized departments within those facilities. If you are a caring individual with a love of helping others and a natural inclination toward effective management, this may be a very rewarding field for you.

If you believe you have what it takes, contact us and let us help you get started today.

## Why CSU-Global?

### FLEXIBILITY

There isn't a lecture hall that you need to find or a bell when your class is starting, but don't think for a minute that an asynchronous learning environment means you won't be working closely with your instructor and your peers from around the world. You are just doing it at a time that fits your schedule.

### AFFORDABILITY

Check out our standard, military, and affiliate tuition rates and see what you could be paying from your very first class until graduation. No surprise tuition hikes. No hidden student fees. No out-of-state charges. And a Tuition Guarantee ensures your low rates won't rise before you complete your degree.

### QUALITY

With accreditation reaffirmed at regular intervals, annual programmatic appraisals by professionals working in the field, and faculty members with advanced degrees and first-hand industry experience, you can be sure you're getting a rigorous and relevant education.
