

MASTER OF PROJECT MANAGEMENT

You can get ahead in your career, or discover a new calling, with a Master of Project Management degree. If you have strong organizational skills, thrive in deadline-driven environments, and are comfortable making forward-thinking decisions on behalf of teams responsible for large-scale projects, then you may find success in the field of project management.

Successful project managers need a rare blend of technical and business skills, such as strategy, planning, control, tracking, negotiation, and conflict resolution. You will develop these skills and more as part of your degree program.

Build on your previous education and real-world experience to become an expert in project management. If you are ready to become the crucial team leader that organizations turn to as they change and adapt for the future, get in touch and let us help you get started today.

MASTER OF PROJECT MANAGEMENT

CSUGlobal.edu/MPM • 800-920-6723

The Master of Project Management degree integrates the study of core business disciplines and project management with the advanced leadership and decision-making skills needed to excel in high-performing, global organizations. Students will gain the business and management skills to evaluate, synthesize, analyze, and apply the concepts when leading unique projects on a multi-national scale. Project management best practices are acknowledged and applied throughout the program including planning and execution, managing contracts and asset procurement, and leading complex projects and teams. Advanced topics include decision sciences, risk management, project control and monitoring, and financial metrics.

Degree Optimization

CSU-Global offers Awards of Completion and Skills Endorsements to help you spotlight the knowledge, skills, and abilities that hiring managers find essential to success in the field. Visit csuglobal.edu/gr-degree-optimization to learn more.

In the Master of Project Management program, you will earn the following Awards of Completion, documenting your mastery of these subjects:

Decision Making and Problem Solving in Project Management Leadership

Strategic Leadership in 21st Century Project Management

279,800

Expected related job openings due to growth, replacement, and retirement between 2012-2022²

Why CSU-Global?

FLEXIBILITY

There isn't a lecture hall that you need to find or a bell when your class is starting, but don't think for a minute that an asynchronous learning environment means you won't be working closely with your instructor and your peers from around the world. You are just doing it at a time that fits your schedule.

AFFORDABILITY

Check out our standard, military, and affiliate tuition rates and see what you could be paying from your very first class until graduation. No surprise tuition hikes. No hidden student fees. No out-of-state charges. And a Tuition Guarantee ensures your low rates won't rise before you complete your degree.

QUALITY

With accreditation reaffirmed at regular intervals, annual programmatic appraisals by professionals working in the field, and faculty members with advanced degrees and first-hand industry experience, you can be sure you're getting a rigorous and relevant education.
